<p><b>Plus 1 – Creative Partnerships Australia</b></p> <p>Round 97 closes 15 August 2018</p>	<p>Plus1 is their dollar-for-dollar matched fundraising program, designed to boost the fundraising efforts of small to medium not-for-profit arts organisations. Plus1 supports not-for-profit arts and cultural organisations to develop and run more effective fundraising campaigns, boost their fundraising skills and secure new backers.</p> <p>If you’re a Plus1 recipient, you’ll run a fundraising campaign designed by you, for a specified period, to raise money for a project of your choice. Whatever you raise within that period, we’ll match it <b>up to \$25,000 or \$50,000</b>, depending on the size of your organisation.</p> <p>It’s called ‘Plus1’, but there are a number of benefits for arts organisations. Organisations can use Plus1 to attract new donors, build valuable relationships and networks for new and diverse revenue sources, and boost their fundraising skills. In addition, many supporters and investors see matched funding as a means of extending their contribution—a matched fundraising campaign can be a powerful incentive in securing first-time investment from previously untapped donors or philanthropists.</p> <p>The project or activity that will be funded through your Plus1 fundraising campaign is entirely up to the applicant. It can include, but is not limited to:</p> <ul style="list-style-type: none"> <li>• Core operational costs.</li> <li>• Creating and presenting new works. <p><b>Catalyst Fund – Roddenberry Foundation</b></p> <p>Applications are open – open all year</p>	<p>The Catalyst Fund awards small grants for early-stage, innovative, and unconventional ideas that address urgent challenges. They’re looking for ideas that challenge our thinking, that compel us to see a problem in a new light; and whose creativity and imagination redefine notions of what can be done and how.</p> <p>The Fund makes grants (anyone, anywhere can apply) <b>between \$2,500 - \$15,000</b>. They don’t limit themselves to any one issue, rather they search across issues to identify opportunities where innovation is needed to address an urgent challenge. Projects that are small in scope, limited in scale, or are not innovative in some way are unlikely to be funded.</p> <p>The Fund accepts applications on a continuous basis with no deadlines. There is no limit to the number of projects they’ll support in any given year.</p>

	<p>From time to time they will post a request for proposals for a specific problem they find particularly compelling or underfunded.</p> <p><a href="http://roddenberryfoundation.org/our-work/the-catalyst-fund/">http://roddenberryfoundation.org/our-work/the-catalyst-fund/</a></p>
